**Overview of the Kentucky OSH Program**

**8:30 - 11:30 a.m.**

This session discusses the obligation to provide a safe and healthy workplace, free from recognized hazards. Topics of discussion include the operations of the Kentucky Occupational Safety and Health Program, including enforcement and voluntary compliance services, and safety and health topics currently being considered for future standards and policies.

**Injury/Illness Recordkeeping**

**1:00 - 4:00 p.m.**

This session is for those persons responsible for maintaining the revised injury and illness records. The forms 300, 301, 300A will be covered. The regulations and guidelines for recordkeeping will be discussed, as well as the compliance directive the Kentucky OSH compliance officer will use to evaluate your records. A recordkeeping example workshop will be part of the course, time permitted.

**Tuesday April 13<sup>th</sup>**

**KyOSH Mandated Health Programs**

**8:30 - 11:30 a.m.**

This session takes a broad look at the basic health programs required for general industry, providing an invaluable overview for the novice and veteran safety and health professionals. The course will familiarize participants with the frequently-cited core elements of these programs and explain the requirements in plain language.

**Electrical Safety-Related Work Practices**

**1:00 - 4:00 p.m.**

This session is designed to familiarize participants with the Kentucky OSH's electrical Safety-Related Practices standards 1910.331 - 1910.335. Topics include requirements for working on de-energized and energized electrical equipment, shock and arc flash/blast hazards, and personal protective equipment and other NFPA 70E requirements.

**Wednesday April 14<sup>th</sup>**

**Slips, Trips and Falls**

**8:30 - 11:30**

This session is designed to increase the participant's awareness of hazards that could result in a slip, trip, or fall. The course also discusses methods of control to reduce the probability of a slip or fall occurring.

**Hazard Communication**

**1:00 - 4:00 p.m.**

This session explains the requirements related to an employee's "right-to-know" about the hazards of chemicals to which he/she is exposed on the job and is designed for those persons responsible for development and implementation of the in-plant hazard communication programs, container labeling, material safety data sheets (MSDS), trade secrets, and employee training.

**Thursday April 15<sup>th</sup>**

**Fire Safety and Protection**

**8:30 - 11:30 a.m.**

This session introduces the participant to the recognition of potential fire hazards and emergency procedures. Topics include the chemistry of fire, types and effectiveness of extinguishing agents, means of egress, detection and alarm systems, fire brigades, fire prevention plans. 29 CFR 1910, Subparts E and L, and references to NFPA codes provide the basis for the course.

**Permit-Required Confined Spaces**

**1:00 - 4:00 p.m.**

This session explains the regulations regarding entry into and working in confined spaces. Topics of discussion include assessment of the confined space environment, entry into continuous system confined spaces, such as sewers, entry into closed system confined spaces, such as tanks and pits, emergency entry into all confined spaces, and training of employees.

**Friday April 16<sup>th</sup>**

**Bloodborne Pathogens**

**8:30 - 11:30 a.m.**

This session explains the measures that must be implemented to protect employees from the hazards of occupational exposure to blood and other potentially infectious materials containing bloodborne pathogens, such as hepatitis B virus, and human immunodeficiency virus. Topics of discussion include applicable definitions, infection control, engineering and work practice controls, including universal precautions, personal protective equipment, housekeeping; medical evaluations, warning signs and labels, and training of employees.
